Overall: The State Mental Health Hospitals in Kansas are not overseen by the same unit as community mental health services. The State Mental Health Authority only oversees community-based services but gets State Mental Health Hospital Data to report the URS Indicators. While Kansas is making progress in linking State Mental Health Hospital and Community Mental Health Service data, in order to provide an unduplicated count of total persons served, Kansas lacked this capacity for FY2004 URS reporting. Thus, the data provided in Table 2a is not an unduplicated count of persons. It is the total number of persons reported to be served by the Community Mental Health Centers in Kansas and the total number of persons reported to be served in the State Mental Health Hospitals

Overall: Via, the state mental health MIS, homeless status is collected at admission for all adults and children enrolled in Community Mental Health Center (CMHC) services. Homeless status is collected monthly for adults with Serious and Persistent Mental Illness (SPMI) that receive community support services and children with Serious Emotional Disturbance (SED) that receive case management services. Data are collected on a quarterly basis for people served through the PATH grant.
